

PROFESSIONAL SUMMARY

Energetic and driven learner seeking opportunities to apply skills in AI/ML, Data Analytics, software development, and UI/UX design, with a strong foundation in Python, SQL, and ML, hands-on experience in dashboards, automation tools, and user-focused interfaces, and a commitment to continuous learning, creative problem-solving, collaboration, and delivering high-quality solutions.

SKILL

Programming: Java 8, Python, SQL, R
Web Technologies: HTML, JS, basic react
Databases: MySQL, PostgreSQL
Tools: Penpot, Tableau, GitHub, VS Code
AI/ML: Pandas, NumPy, Matplotlib, Seaborn, Scikit-Learn, TensorFlow
UI/UX: UI design, Wireframing, Prototyping, Mockup

EXPERIENCE

Cavin's Infotech Artificial Intelligence | Ongoing

Currently working as an intern/trainee in the AI domain, gaining hands-on experience in AI/ML development and real-world projects.

PROJECTS

AI-Based Fall Detection System

- Tools : Python, OpenCV, Machine Learning Models, IoT Sensors, NumPy
- Developed a real-time fall detection system integrating computer vision and IoT. Leveraged ML models and camera-based monitoring to detect falls and trigger instant alerts, enhancing safety and emergency response efficiency.

Gen AI Data Quality Analyzer

- Tools : Streamlit, Python, Pandas, LLMs (Generative AI), NumPy
- Built an automated data quality analysis tool that generates reports on missing values, outliers, duplicates, and inconsistencies using Pandas and Gen AI. Implemented a Streamlit-based interface for interactive insights and rapid dataset evaluation.

Smart Agriculture AI

- Tools: Python, Machine Learning, AI/ML Techniques, Web Technologies
- Developed a Smart Agriculture AI web application for crop recommendation and leaf disease detection using AI/ML techniques. Built a responsive multilingual platform with image upload, weather-based analysis, fertilizer planning, and automated PDF report generation.

EDUCATION

B.Tech in AI & Data Science

C.K.College of Engineering and Technology, Cuddalore

2022 - 2026

Higher Secondary

St. David Hr. Sec. School, Cuddalore

2020 -2022

CERTIFICATION

- Data Analytics Essentials - Cisco
- Data Analytics Masterclass (30 Days) - NoviTech R&D
- No SQL, AR and VR -NSIC Technical Service Centre
- Data Analytics Job Simulation - Deloitte

ACHIEVEMENTS

- Participated Dr. Kalam Young Achiever Award (2024)
- NCC 'A' Certificate (Leadership, Discipline, Teamwork)
- Participated in FOSS United and other open-source initiatives.
- Attended Arweave India 2025 at Bangalore Science Gallery, exploring decentralized storage, Web3 innovations, and the impact of permanent data on industries.

COMPETITIVE PROGRAMMING

→ 100+ problems solved on LeetCode focusing on SQL and DSA
